DETAILED REPORT OF SALMON FISHING OPERATIONS, BY LOCALITIES AND APPARATUS.

It is desired that this information be prepared with accuracy and detail, so far as the packers' records can by reasonable effort be made to furnish it. Different streams in the same bay or sound should be separately reported so far as the catch can properly be credited to each. Catches not certainly referable to particular streams may be reported under the head of the bay, sound, or region.

ADDITIONAL OR EXPLANATORY INFORMATION.

The season 1918 was the first for this Company and most of the time and expenditures were taken up in establishing suitable quarters and preparing for more extensive business for the future, we are preparing now for a Cannery. Most of the buildings are now up. In order to secure lumber it became necessary to install our own Saw mill. The Alaska mills were unable to supply us and too slow for lumber shipments from Seattle last winter and summer not available. We have purchased the Cannery site formerly occupied by the Kuiu Island Packing Co. at Port Beaulieu, Alaska. We are preparing for a pack of 30000 cases for season of 1919-

I, the undersigned, being duly sworn, depose and say that the foregoing information is correct and true to the best of my knowledge and belief.
